

5th UK Social Networks Conference

Friday 3rd – Sunday 5th July 2009
University of Greenwich, London

Provisional Programme

5th UK Social Networks Conference Provisional Programme

	Fri			Sat			Sun	
09:00	Registration			Agent Models	Diffusion	Communication Networks	Innovation	Interorg Networks 2
09:30								
10:00	Opening Welcome							
10:30	Tea			Tea			Tea	
11:00	Spatial Dimensions 1	Methods 1	Interorg Networks 1	Director Interlocks	Methods 4	Network Dynamics	Spatial Dimensions 2	Epistemic Communities 2
11:30								
12:00							UKSNA Business Meeting	
12:30								
13:00	Lunch			Lunch				
13:30	Posters			Lomi				
14:00	Business Applications	Methods 2	Psychological Dimensions 1	Epistemic Communities 1	Social Capital	Political Networks		
14:30								
15:00								
15:30	Tea			Tea				
16:00		Methods 3	Psychological Dimensions 2	Tea				
16:30	Krackhardt			State of the Art Presentations				
17:00	Cruise Departs							
17:30	Kilduff			Stokman				
18:00								
18:30	Buffet			Bar, Snacks, Jazz				
19:00								
19:30	DJ							
20:00								
20:30	Cruise Ends							
	QA080	QA065	QA063	QA080	QA180	QA063	QA080	QA075

1A Friday 3 July Spatial Dimensions of Networks 1

José Luis Molina	The geographical distribution of personal networks of migrants in Barcelona	11:00
LJ Ter Wal	The dynamics of the inventor network in German biotechnology: geographical proximity versus triadic closure	11:30
Christophe Sohn	Cross-border metropolitan governance in Europe. Towards a network analysis approach	12:00
Kerstin Sailer	The Interplay between Spatial and Structural Embeddedness of Intra- Organisational Networks	12:30

1B Friday 3 July Methods 1

Ian McCulloh	Comparison of e-mail Networks to Other Forms of Relational Data	11:00
John Stevens	Comparing Social Networks	11:30
Johan Koskinen	Extreme Actors - Outliers and Influential Observations in Statistical Models for Social Networks	12:00
Krista J. Gile	Marginal Parameters for Actor-based Models for Network Dynamics	12:30

1C Friday 3 July Interorganisational Networks 1

Chang Kil LEE	Analyzing Post-Merger Network in Government: Collaboration vs. Competition	11:00
Florian Aubke	Hotel revenue management and transactive memory systems: A multilevel approach to information seeking and learning	11:30
Helen McAneney	Translating evidence into practice: a shared priority in public health?	12:00
Hsiao-Lan Wei	Linking Social Capital to Knowledge Creation: the Exchange of Learning Information in Taiwan High-Tech Supply Chains	12:30

2B Friday 3 July Methods 2

Liesbeth Mercken	Is the strength of friendship associated with smoking-based selection and influence processes?	14:00
Mark Round	Visualization of social network analyses: applying theory in design	14:30
Nashrawan Naser Taha	Developing mixed method Social Network Data collection tools for Formal Learning Communities	15:00

2B Friday 3 July Methods 3

Natalie Indlekofer	Visualizing the Fit of Actor-Based Models	16:00
Krista J. Gile	Estimation from Network-Based Respondent-Driven Sampling	16:30

2C Friday 3 July Psychological Dimensions 1

Filip Agneessens	The impact of social support diversity on perceived stress among young adults: gender differences in the importance of role-types?	14:00
Juergen Lerner	Structural Balance in Wikipedia Edit Networks and its Relation to Controversy	14:30
Fernando G. Alberti	Assessing cognitive proximity in industrial districts. A combinative cognitive mapping and network analysis approach.	15:00

2C Friday 3 July Psychological Dimensions 2

Robert Young	Does the peer-group protect young people from stress? The influence of social networks on adolescents' morning cortisol and self-rated stress.	16:00
Birgit Pauksztat	One for all? Effects of communication and friendship relations on representative voice in reactions to everyday problems at work	16:30

3A Saturday 4 July Agent models

Fernando A.B. Colugnati	Actor oriented modeling – a Forum use case	09:00
Christina Prell	Social capital and small worlds	09:30
Juliette Rouchier	Can opinion be stable in an open network where new-comers have to interact with older participants? An application of agent-based models to the Commercial Court of Paris	10:00

3B Saturday 4 July Diffusion

Elisa Bellotti	The production of knowledge in particle physics: a mixing methods research	09:00
Minkyong Kim	Social Influence Models based on Starbucks Networks	09:30
Paola Zappa	The interplay of social interaction, individual characteristics and external influence in the diffusion of innovations: a preliminary empirical test in medical settings	10:00

3C Saturday 4 July Interorganisational Networks 2

Lei Wang	The interaction between culture distance and Foreign Direct Investment Location Choice: a social network approach	09:00
Teresa Domenech	Structure and Morphology of Industrial Symbiosis Networks:	09:30
Mohamed BOUKHRIS	An evolutionary model of partner selection and organizational performance	10:00

4A Saturday 4 July Director Interlocks

Joanne Horton	Paid for connections or too connected to be good? Social Networks and Executive and Non-Executive Director Compensation	11:00
Tetiana Kostiuchenko	Political Elite in Post-Soviet Ukraine: Analysis of Network Structure	11:30
Sandra Gonzalez-Bailon	The Private Gains of Public Office? Post-career trajectories of the political-bureaucratic elite in the City of London (1999-2008)	12:00
Yuval Millo	Paid for connections or too connected to be good? Social Networks and Executive and Non-Executive Director Compensation	12:30

4B Saturday 4 July Methods 4

Neha Gondal	The Structure of Personal Lending in Renaissance Florence: An Exponential Random Graph Modeling Approach	11:00
Rick Grannis	Substantial Variation in Network Characterizations resulting from Apparently Trivial Distinctions in Relational Measures.	11:30
Ruth M Hummel	A steplength algorithm for fitting ERGMs	12:00
Philip A. Sinclair	The use of the centralization index in political network analysis	12:30

4C Saturday 4 July Network Dynamics

Michael Siciliano	Modeling Collective Action: Emergent Solidarity and Information Technology in Strike Networks	11:00
Cécile Emery	“Yes, I am” – It is enough to believe that you are a leader in order to become one?	11:30
Christian Steglich	Detecting equilibrium in dynamic networks: Actor-based and exponential random graph modelling approaches	12:00
Vanina Torlo'	How do people find their job? The co-evolution of social networks and organisational affiliation preferences	12:30

5 Saturday 4 July Poster

Sujarwoto	Decentralization and the Change of Network Structure in the Contemporary Indonesian Local Government: A Hyperlink Network Analysis	13:00
Xi Zou	Social Networks and Subjective Well-being	13:00
Johannes Tulusan	Significance of collective knowledge creation through social networks: A comparison of knowledge transfer social networks in the healthcare sector	13:00
Dimitrios Christopoulos	Elite Social Capital and Economic Growth	13:00

6A Saturday 4 July Epistemic Communities 1

Elsa Fontainha	Inter-disciplinary Communication Flows Between Scientific Domains; The case of time use research	14:30
Neha Gondal	Knowledge Space as a Partially Self-Organizing System: An Illustration from Literature on EPZs in Asia	15:00
Tim Gore	Reaching out - expanding the boundaries of knowledge communities in universities	15:30

6B Saturday 4 July Social Capital

Louise Cooke	Analysing the Impact of Cross-Institutional Workshops and Social Interaction on Research Students' Networks	14:30
Beata Lopaciuk-Gonczyk	Corporate social capital – results of empirical research in a financial institution	15:00
Cerem I. Cenker	Learning from Name Generator in Mass Surveys: Findings from Turkey	15:30

6C Saturday 4 July Political Networks

Emanuele Lobina	Civil society campaigns and social resistance to water privatisation in Latin America: A study of policy networks	14:30
Wendy Wong	Outside of the Rules: How Network Structure Determines NGO Effectiveness in Shaping International Norms	15:00
Dimitrios Christopoulos	Exceptional Action in Policymaking Through the Lens of Network Analysis	15:30

7A Saturday 4 July State of the Art

Bruce Cronin	Networks of Corporate Power Revisited	16:30
Dimitrios Christopoulos	Exceptional Agency & Entrepreneurship	16:50
Martin Everett	Centrality	17:10

8A Sunday 5 July Innovation

Alessandra Carlone	The Product Knowledge as Network Structure: Evolutionary Patterns	09:00
Alexander Morren	Knowledge Integration in R&D networks	09:30
Guido Conaldi	The Network Structure of Exploration and Exploitation: A Case Study on the Production of Open Source Software	10:00

8B Sunday 5 July Communication Networks

Ferron Michela	Analyzing collaborative networks emerging in Enterprise 2.0: the Taolin Platform	09:00
Nicholas Silburn	Network Features and Information Exchange of a Practitioner Forum	09:30
Ofer Engel	Measuring Tie-Strength in Email Communication	10:00

9A Sunday 5 July Spatial Dimensions of Networks 2

Sriram Pemmaraju	Analysis of Hospital Health-care Worker Contact Networks	11:00
Zong-Rong Lee	The Strength of Distant Ties: Identifying the Spatial Dimension of Social Capital	11:30
Miranda J. Lubbers	The changing structure of the personal networks of immigrants	12:00

9B Sunday 5 July Epistemic Communities 2

Attila Varga	Structural features of fields of sociological discourse in the light of citation networks	11:00
Bruce Cronin	The Diffusion of Heterodox Ideas in Economic Journals	11:30
Silva, Sandra	Social Network Analysis in Economics: a bibliometric exercise	12:30

Name	Paper Title	Session	Time
Alessandra Carlone	The Product Knowledge as Network Structure: Evolutionary Patterns	8A Sunday 5 July Innovation	09:00
Alexander Morren	Knowledge Integration in R&D networks	8A Sunday 5 July Innovation	09:30
Attila Varga	Structural features of fields of sociological discourse in the light of citation networks	9B Sunday 5 July Epistemic Communities 2	11:00
Beata Lopaciuk-Gonczaryk	Corporate social capital – results of empirical research in a financial institution	6B Saturday 4 July Social Capital	15:00
Birgit Pauksztat	One for all? Effects of communication and friendship relations on representative voice in reactions to everyday problems at work	2C Friday 3 July Psychological Dimensions 2	16:30
Bruce Cronin	The Diffusion of Heterodox Ideas in Economic Journals	9B Sunday 5 July Epistemic Communities 2	11:30
Bruce Cronin	Networks of Corporate Power Revisited	7A Saturday 4 July State of the Art	16:30
Cécile Emery	“Yes, I am” – It is enough to believe that you are a leader in order to become one?	4C Saturday 4 July Network Dynamics	11:30
Cerem I. Cenker	Learning from Name Generator in Mass Surveys: Findings from Turkey	6B Saturday 4 July Social Capital	15:30
Chang Kil LEE	Analyzing Post-Merger Network in Government: Collaboration vs. Competition	1C Friday 3 July Interorganisational Networks 1	11:00
Christian Steglich	Detecting equilibrium in dynamic networks: Actor-based and exponential random graph modelling approaches	4C Saturday 4 July Network Dynamics	12:00
Christina Prell	Social capital and small worlds	3A Saturday 4 July Agent models	09:30
